

# Welcome to DoorMilk

"NEVER COMPROMISE WITH QUALITY"

# Company Overview

Our Clients are our top priority and as such, deserve the best possible services suited to their every need. These include product sourcing, distribution, and much more. As a leading supplier, we go out of our way to make sure that our clients are always satisfied and are never without a product they need. We work with individuals as well as big companies to guarantee that they always have access to the newest product in our inventory.

# About us

DoorMilk brings the awesomeness of pure Dairy products and also serves famous Indian brands to fulfill your daily requirements at your doorstep. We are dedicated to giving wellness to as many people as possible through edible food items. We strive to encourage healthy and more prosperous eating and drinking habits, in line with our mission, which represents a deep conviction that human well-being and the planet's health are interlinked. We deliberately emphasize high-growth and hygiene categories and commit to running economically, sustainably, and responsibly. The daily test confirms our determination to include 100% pure dairy products. Our in-house methodologies allow us to forecast the market for pure dairy edible products. We guarantee the delivery of fresh and pure dairy products to all our customers. Every day at DoorMilk, we aspire to provide you and your family with the healthiest, most tasty, freshest, and purest dairy products produced in a cruelty-free and hygienic form. For every single product you consume, all over again, you fall in love with DoorMilk! DoorMilk makes it convenient for all dairy goods to be delivered with assured reliable shipping within a given time. Both milk-based value-added items are properly packed while maintaining the sanitization intact. Our executives follow the relevant Covid protocols when shipping your goods. Gift yourself and your family the goodness of pure dairy products while at the same time keeping you healthy at home.

# Project Overview

We believe that our product/service will help you address your current challenges and meet your goals and objectives within the agreed-upon timeline.

Product/service was designed to help companies in the target market achieve their business objectives and improve in key areas.

Our seamless onboarding process will allow you to get started with no delays. And our team is available to answer questions and offer support during the transition and planning process.

# Our Mission

At DoorMilk, Keeping the fit India mission in mind, DoorMilk comes up with the idea of supplying everyday needs to maximum homes. DoorMilk works closely to see more natural cow & buffalo milk by maximum areas. DoorMilk always aims of keeping India a healthy & fit nation. Natural means straight from the farm with no addition of milk powder or preservatives, no hormones or antibiotics. We are committed to supplying premium dairy products of the highest standard and supporting the agriculture sector, our local dairy farmers, and employees to be the best they can be.

# Our Vision

Our vision is that the Assured quality dairy products will reach to every door and to each and every person in India from lower class to the higher class families. DoorMilk will be the most important part of everyday routine and will ensure to provide the best and the fastest service in India. We will also empower and support our dairy farmers and confectioners, who are still unknown about the magic of technology. DoorMilk will be known for its excellent quality and we will "Never Compromise With Quality". DoorMilk will take the country towards a fit and healthier future.

# How we work?

We value our customers and also value every need. We have kept our services in such a way that there is no restriction for any minimum order. As in this huge pandemic situation of Covid19, We ensure to provide you the contactless delivery. We keep in mind the safety of our customers and take full care of hygiene & sensitization. We always make sure to deliver the order within its time frame in order to provide a hassle-free and smooth transition.

# Process of Delivery

## SOURCE OF MILK ●

At DoorMilk, we procure milk directly from farmers & Milk Man situated in Delhi- NCR region. For other brands, we will collect this with our nearest linked partners for a faster delivery experience.

## PACKAGING ●

At Doormilk, we are strongly eco-friendly. Would you like to see less plastic in your home and less plastic waste in the world? that's why we used plastic-free packaging for a better future.

## TESTING ●

The quality of milk is regularly checked by the Doormilk team. We make sure our cattle are stress-free, high-quality feed is given to them and no injections are given to them to boost their productivity.

## ORDER ●

The products are then ordered by the customer. This can be done via call /Website/ mobile app/ Whatsapp. After receiving the order milk is then placed in a sanitized box and is scheduled for delivery.

## DELIVERY ●

As soon as we get the order information from the customer, we will send a notification to our fellow milkmen/farmers. Our delivery boy will arrive at the location and take the order. Yes, your order is ready to be delivered to you in just 45 minutes.
